

## THE SUMMER HARVEST

### For the next Gourmand World Cookbook Awards (2021)

The Summer Harvest list is published on July 23. It includes all the Spring Harvest list, published April 23. There are now 752 entries, from 121 countries and regions. All will participate in the next Gourmand Awards, with the Best in the World announced in 2021. They already have the right to the Winners certificates and stickers.

We have approximately 20% more entries this year than last year at the same time. The cookbook activity has been intense in the first six months of 2020, a consequence of the pandemic and confinement. There is much digital publishing, but print is also increasing.

Take extreme care and keep safe, protect the others, and yourself

Best wishes

Edouard Cointreau
